JOURNAL OF INTEGRATED STANDARDIZED HOMOEOPATHY

ISSN: 2581-947X

Address : Palghar – Boisar Road, Opp. S.T. Workshop, Palghar-401 404, Maharashtra, India

Date: 11th January 2020

To,

Dr. E. Rathnasabapathi,

Respected Sir,

Wish you a very Happy New Year.

You may be aware that the Journal of Integrated Standardized Homoeopathy (JISH) has been functional since September 2018 and has been well received. It has also received its ISSN number. The next logical step is improving its quality and raising the standard is to digitalize the publishing platform and institute a peer reviewing system.

From 2020, JISH will come in a new format. We are digitizing the entire process of producing JISH through an arrangement with Scientific Scholar. This will involve putting up a fully functional website for JISH, having software which will link to the website and make the entire process right from article receipt to finalizing the final version completely online.

This will result in eventually indexing of the JISH on respectable sites (very few Homoeopathic journals have that distinction), and optimizing the search and abstract loading on multiple search engines e.g. Google scholar, EBSCO, etc. This will open up an entirely new avenue worldwide.

We are also in the process of putting in place a wide based Review board which will have representatives from Academics, Clinical Practice, Hospital Management, Research and Industry all across the world.

We would like to invite you to be a part of our Review Board and add value to our journal. We await an early confirmation to enable us to place the names of our esteemed reviewers on the website.

Thanking you,

Regards,

Dr. Nikunj Jani

Editor, JISH
